What is the Employee Education Program (EEP)?

The Employee Education Program, or EEP, is an opportunity funded by university resources that enables full-time staff and faculty who have been employed at least six months to receive tuition assistance for up to six credit hours per semester at the state of Florida, public university closest to their work location.

TEAMS employees may also attend classes at the public state of Florida college or community closest to their work location.
Our Purpose:
To encourage UF’s faculty and staff to pursue educational opportunities for personal and professional growth and development.

Here are some of the great things about the EEP!

• Pays up-front: Tuition waiver or payment (depending on the school of attendance). No reimbursement.

• No caps. You may continue to participate provided you meet the minimum requirements. AA – Doctorate Degrees, non-degree courses.

• Courses do not have to be job-related.

• Covers up to 6 credit hour every semester.

• No repayment if you leave the university.
Professional Development

The Employee Education Program is a unique professional and personal development opportunity offered to UF fulltime staff and faculty.

We frequently receive stories from current and former participants who share how the EEP has positively impacted their lives, made them a better resource for their department, or gave them the tools and education they needed to do bigger and better things at UF and in our community.

We hope that you will find your story with this program!

We have received your FALL 2020 Employee Education Program waiver application. Your application has been processed and these courses have been approved for EEP coverage.

TO MAINTAIN THIS APPROVAL and receive coverage, you must:

- Register/Be registered during the published **EEP registration period**: 08.31.2020 at 8:00am – 09.04.2020 at 11:59pm
  - Please note, you are responsible for your enrollment, even if your department or college completes your registration; work with your advising unit to ensure that you are not registered before the EEP registration period. **Early enrollment in EEP coursework will result in non-coverage**
  - Registration which occurs after the deadline may still be eligible for coverage, but will incur a $100 late registration fee
- Register/Be registered for sections of these courses which appear as “EEP: Yes” in the **Schedule of Courses**
  - Registration in a section marked “EEP: No” in the Schedule of Courses will result in non-coverage

ADDITIONALLY, please note that courses (e.g. “ENC1101”) which do not appear on an approved EEP waiver application CANNOT be covered. Best practice is to include alternate courses on your EEP application that may be substituted in the event that you are unable to register for your originally planned coursework.

Failure to adhere to the guidelines stated in the **EEP Policy** will result in non-coverage of coursework. If you decide that you no longer wish to take EEP coursework this term, courses must be dropped before the **Drop Deadline**.
the end of the drop/add period in order to avoid a withdrawal/failing grade and potential tuition and fee liability.

Please note: if approval is maintained per the EEP Policy, tuition and applicable fees will be waived after drop/add has ended and before the fee payment deadline. Regardless of when your waiver is applied, be sure to login to ONE.UF and open your tuition statement and pay any tuition and fees which are not covered by the program before the fee payment deadline. Late payment of your financial obligations will result in a $100 late payment fee. A breakdown of fee liability may be found on the HR EEP webpage (see “Financial Obligations”).

Please feel free to email eep@registrar.ufl.edu if you have any questions. We wish you the very best in your academic endeavors!

Eligible EEP Courses Are Not On My Application

To receive EEP funding, courses must be EEP eligible and listed on your EEP application.

The only way to verify course eligibility is on the University Registrar Schedule of Courses (see Course Selection and Application Submission Requirements for instructions).

Please note: if you need to change information after the application submits, you need a new application.
Non-degree Student Registration

The Non-Degree is a normal University process. Non-degree seeking students must receive approval by the university registrar.

This application must be approved in addition to the EEP application by the University Registrar (www.registrar.ufl.edu).

Notes:

1. It is important to submit both the non-degree and EEP application as soon as possible, to allow ample time for the review and processing of these applications.

2. There is not an order for submitting non-degree and EEP applications. However, both applications are required to process your EEP request.

View the non-degree instruction guide.
What other considerations do I need to make?

- We do not recommend submitting your EEP application before reading the instructions on the Checklist for Students Attending UF.
- Applying to a degree or non-degree program is a normal University Admissions process and is completely separate from the EEP process.
- At UF, EEP coverage is based on individual courses and seats available. It is not structured to cover degree programs.
- A new application must be submitted each semester you wish to participate.
- Add alternate EEP eligible courses to your application in the event your primary choices are full. The EEP will cover up to six credit hours from the list of your EEP eligible registered courses.
What other considerations do I need to make?

- **Registration occurs during drop/add.** If someone else is registering courses on your behalf, you must alert them you are requesting EEP funding and your EEP registration dates.

- If your EEP request is denied, you will be responsible for all tuition, fees, late fees unless you **drop EEP courses before the drop/add fee liable deadline.**

- Petitions and or refunds are not permitted for this program.

- Start the process early – timing is key! This allows you ample time to make adjustments if needed.

- Contact **eep@admin@ufl.edu** if you have questions. We are happy to help!
